THE BEST INCENTIVE

REVIVE. REWARD. REBOOT

Corporate

Yes, Boss!

Consider purchasing tickets in bulk as a reward incentive for your organization's best department or employees! Or as a special gift for your best distributors and clients. Just think about brand loyalty, and commitment to duty you will build with this gesture.

Social

CAN I BRING MY PARTNER?

Yes, you most certainly can! We actually expect you to. This zen inspired retreat is more fun for couples. It presents an opportunity to bond and share wonderful memories together.

So, do book for the two of you. Remember, we have cozy 2-chamber tents ready for you!

HOW ABOUT GROUP BOOKINGS?

CAN I BRING ALONG MY BUDDIES OR COLLEAGUES?

Absolutely! Again, this event is designed to be shared with familiar folk, so gather some friends and colleagues, and make a great staycation experience out of it.

Come with multiple people. Think of the fun you'll have, the memories you'll create as you sing-along to a guitarist strumming away Bob Marley's 'One Love' among other happy tunes deep on the FunBus and way into the night!

Don't forget, we have multi-chamber tents ready for you and your friends to share.

ARE THERE ANY WORKSHOPS OR CLASSES?

No. Camp Re~ is not a bootcamp. It is designed for radical introspection while offering lots of recreational fun activities

Here, you are encouraged to live by being in the present, being aware of your surroundings through the practice of slowing down your breathing. You will go forest bathing, walk barefooted, stare at, and hear the ripples of the water hitting the shore, experiencing moments of wonder that connect you with nature. Incredible "Me" moments to reflect on your life journey so far.

The schedule is not rigid and we expect Interactions with the other guests to flow organically. As you know, your network is your net worth!

The only thing we ask is that while here, you consciously connect and reflect on your life journey during your quiet moments and feel how you automatically Re~set to reveal a better version of yourself.

It's a WangoWango thing!

Let your spirit of adventure wander with a taste of our WangoWango philosophy of evoking a palpable sense of happiness & contentment, combining our signature bohemian gastronomy escapades while exploring our country.
