UK-GHANA CHAMBER OF COMMERCE CHAIRMAN'S WELCOME ADDRESS AT THE 3RD END OF YEAR GALA DINNER AND AWARDS ON SATURDAY, 8TH NOVEMBER 2025 AT THE KEMPINSKI HOTEL GOLD COAST CITY ACCRA

Honourable Minister of Trade, Agribusiness and Industry, Your Excellency the British High Commissioner to Ghana, members of the UKGCC's Executive Council and UK-based Advisory Board present, CEOs and representatives of our member companies, key stakeholders and special guests, good evening and a warm welcome to the 3rd UK-Ghana Chamber of Commerce end of year gala dinner and business awards on the theme, "UK-Ghana Trade: Bridging Nations, Building Prosperity".

Tonight, we gather to celebrate business excellence within our membership and to reflect on the enduring and evolving partnership between the United Kingdom (UK) and Ghana – one built on trust, innovation, and shared ambition.

Let me begin by expressing sincere appreciation to our partners, tonight's sponsors, and member businesses, whose continued support and collaboration made this event possible.

This event—our third since its debut in 2018—stands as a testament to the UKGCC's dogged determination to succeed, even when the odds have at times seemed insurmountable. Each year has come with its own challenges, but the UKGCC has faced them head-on, with the same resilience, skill, and tenacity that define the very businesses we represent.

This evening is also the perfect prelude to what promises to be a remarkable milestone – our tenth anniversary next year.

Ten years of bridging not just the two nations that we represent, but a global market through the British Chambers of Commerce network. Ten years of staying true to our purpose and proving that collaboration truly does create opportunity.

This year's theme, "UK-Ghana Trade: Bridging Nations, Building Prosperity," perfectly captures the essence of what the UKGCC stands for.

For generations, our two nations have been connected – through trade, through people, and through the shared values of enterprise and innovation; what makes today's partnership unique is its forward-looking nature which is now defined by a mutual commitment to shaping a modern, resilient, and inclusive economic future.

Since its establishment in 2016, the UK-Ghana Chamber of Commerce has been at the forefront of this effort – building bridges between businesses, facilitating partnerships, and creating a platform for meaningful dialogue.

As Chairman of the Executive Council, I have had a front-row seat to the UKGCC's journey—its growth, its milestones, and its unwavering spirit.

Tonight, we celebrate not just an institution, but the member businesses that have made this possible. You are the lifeblood of the UKGCC, the reason we exist. As we are together after all these years, we must be doing something right! Thank you for your continued trust and partnership.

Distinguished guests, we take pride in seeing how far we have come. From just five founding members we have grown into a vibrant and growing network of over one hundred companies spanning multiple economic sectors including – manufacturing, medical & life sciences, finance, energy, agribusiness, telecommunications, technology, consulting, tourism and hospitality and education – the UKGCC today stands as one of the strongest bilateral business platforms in the sub-region.

Our mission has been clear from the onset: to promote trade and investment between the UK and Ghana by supporting members, advocating for a conducive business

environment, and connecting opportunities across both markets.

In our nine years of existence, the UKGCC has carried out this mission, proudly and proven our thought leadership by being the only Ghanaian chamber to publish a business insight report, the Annual Business Environment and Competitiveness Survey, which is now in its seventh year of publication. The findings from this annual report are often referred to and have helped shape a fairer, more enabling environment for businesses to thrive. Our advocacy work continues to extend beyond our membership, benefiting the wider business community in Ghana and amplifying our collective impact.

A clear highlight of this year was the two-day UK-Ghana Trade & Investment Forum, organised in collaboration with the UK Government, the 24-Hour Economy and Accelerated Export Development Programmes Secretariat, and DMA Invest. The event welcomed His Majesty's Trade Commissioner for Africa, John Humphrey, and Ghana's Deputy Minister of Trade, Agribusiness and Industry, Hon. Sampson Ahi. The forum was focused on industrial transformation, strategic partnerships, and financing for priority growth sectors. The Forum embodied everything our theme tonight represents—Bridging Nations, Building Prosperity.

Our outbound trade missions this year have also shown, in real and measurable ways, the impact of UKGCC's work:

Our Garments & Textiles Roadshow, in partnership with Ghana Export Promotion Authority (GEPA), Ghana Free Zones Authority, and the UK government funded Ghana Jobs for Economic Transformation (JET) Programme, brought Ghanaian manufacturers to the UK for a five-day mission. It resulted in active partnerships, opening doors for Ghanaian clothing manufacturers in the UK market.

The Jewellers Trade Mission, designed in partnership with GEPA and the Jewellers Association of Ghana, saw our delegation receive hallmarking and production training in Birmingham, UK. It has already inspired tangible institutional collaboration, with the Ghana Standards Authority planning to upgrade its assay office and procure modern hallmarking machinery to meet global standards.

Ladies and Gentlemen, our networking events remain among some of the most sought-after in the business calendar — something clearly

reflected in the number of non-member sponsors supporting tonight's event. We thank them sincerely for their partnership, and we hope that by the end of this evening, they will decide to make their relationship with us official. (We promise — membership has its privileges!)

Beyond trade, policy advocacy, and networking, UKGCC continues to make a difference in the community.

This year, through our social impact drive, we are raising funds to support the Princess Marie Louise Children's Hospital because for us, prosperity is not just about profit — it is also about people.

These are not just stories of progress — they are proof of the UKGCC's continued ability to bridge nations and build prosperity through action.

As we approach our tenth anniversary next year, we look back with pride and forward with optimism — knowing that the next decade will only see the UKGCC grow from strength to strength.

“ To our member companies, be assured that the UKGCC will not relent in its mission to advocate for you, champion your interests, and to create the platforms that connect you to genuine growth opportunities — here in Ghana, across the UK and the rest of the world. ”

On this note, a special thank you to the UKGCC team, the Executive Council, UK-based Advisory Board, our Executive Director Adjoba Kyiamah and her team. Sara-Adelaide, Worlase, Joshua, Joscelyne, Shirgade, Immaculata, Pearl, Jessica and Anthony. Thank you for the effort that you put into your work on a daily basis.

Ladies and Gentlemen, tonight, we honour businesses that exemplify excellence, innovation, and impact. Each award presented this evening represents more than success — it tells a story of resilience, collaboration, and vision. Whether it is a Ghanaian business expanding into the UK or a British company investing in Ghana's growth, these achievements are testament to the transformative power of partnership.

To all nominees and winners — congratulations. Your work reminds us that trade is not just about profit, but about people, progress, and possibility.

As we look to the future, there is great optimism. Ghana stands at an important juncture – one of renewal and ambition – with a national drive toward industrialisation, digitalisation, and the bold vision of a 24-hour productive economy.

The UKGCC stands ready to support this vision. We believe that with the right policies, infrastructure, and collaboration, Ghana can continue to be a beacon of opportunity for investors and entrepreneurs alike.

Ladies and gentlemen, the bridge between the UK and Ghana is strong – but it must continue to grow.

Let us commit to strengthening that bridge by deepening partnerships, investing in innovation, and nurturing the next generation of entrepreneurs who will define the future of this relationship.

On behalf of the Executive Council, the UK-based Advisory Board, and the UKGCC team, I thank you for your continued trust, support, and collaboration.

Together, let us keep bridging nations and building prosperity.

Congratulations once again to all our award winners and thank you for being part of this special evening.
